

Captain's Column:

Already into July and this week coming we have our open week. At time of writing, the weather forecast sounds positive.... So let's hope for a great week of golf. Oisín and his team have the course in great shape and I'm hearing constant compliments around greens in particular. Of course, this is so important and members and visitors experiences are very often defined by greens alone. So credit where it is due !

I've been asked a few times how the first 6 months as captain have gone and my initial reply is that I don't think I've made too many enemies so far! It's great to see some inter-club momentum and we continue to hope and cheer for success of those teams that are still active. In many ways, the interclub activities have been a big part of the year so far. It would be nice, as we get down to the serious business, to see some more support for matches.

But while I have the honour of being your captain this year, anyone who knows me well will know that all I want to do is help Greenore to be a better Golf Club in any way I can - I don't have a 'legacy agenda'. We are working, as you all know, on a programme of development for the course and club, and I've inherited a lot of activity around this development. But I want you all to know, none of this is to 'feather my cap'. If it is for the betterment of Greenore, I will support it. Absolutely. If not, I won't. But, for now, enjoy open week, one and all, and let's hope for some worthy winners and some great scores. And let's see some green and yellow out supporting our teams!

THE BIG NEWS STORIES!

Rescheduled course masterplan meeting:

We had no choice but to postpone the meeting and it is now rescheduled for July 19th at the same venue – The Carrickdale Hotel at 7pm.

We are really sorry if this inconveniences anyone however we still look forward to a good attendance on the 19th.

Practice Area Improvements:

A month after the outdoor matting strip has been laid and it has bedded in smoothly. The lower end of the range is finished and golf balls can now be hit into this area. **The 150 yard limit is now lifted.**

A new ball collector was bought and is now being used.

Putting green – The putting green is taking shape immensely well with the warm and wet weather. Captain was chatting with Oisín about the green and he said it's knitting nicely. Oisín has said that it should be finished and ready to be used in August as originally scheduled, weather dependent...

Errant golf balls: Just a reminder to all, that golf balls hit onto the road from the course **MUST** be reported to the club, you can let the office, pro shop or bar know and they will log all necessary

Junior News:

Our U15's were narrowly beaten in the Leinster U15 singles by Ardee on the 19th hole. Well done to the team which featured a lot of young lads who were representing the club for the first time.

Course development Update:

Course work that has been carried out in the last month and work due to be done in the coming weeks.

The 4th tee has been moved form the bottom tee back to the top for the rest of the season. The green tees are going to stay down for now. The tee has improved drastically with the 3 week rest, one area is slow at coming back and it will be managed to help it.

The hedge that borders the left hand side of the course as you drive in the entrance is being cut and tidied up this week.

All bunkers have been strimmed and tidied up within the last few weeks in preparation for 'Open Week'. The greens where sanded early this week in preparation for 'Open Week'.

Operations Manager:

As we enter the 2nd half of the year as promised we plan to keep you all updated through the medium of these Newsletters roughly once a month.

When the exterior of the clubhouse was power washed and the ivy removed from the stairs it left an untidy look to what was left, this week we are having all painted and restored. The steps, the plinth & the window sills around the building are being painted. We further added a large Greenore crest to the stairs and is visible coming up the 12th hole.

We have added Liam Maguire to our staff within the last couple of weeks. Liam is working on the course with Oisín as well as in the bar. We wish him all the best and welcome him to the team.

Open Week commences Friday 8th July and runs for 10 days. Two presentation nights will take place on Sunday 10th July & Sunday 17th July at approximately 8.30pm. Music will be on both Sundays from 6.30pm by Sean Conroy. See image below for a list of competitions & each sponsor for 'Open Week'

Signs have been placed around the clubhouse stating that "No table service to outdoor seating area. Drinks & food taken down the steps will be at customers own risk" Management Committee.

We are doing a clear out of stores/yard etc. We have a lot of spare pint glasses which we no longer require and will be dumped next week. If anyone is interested in a box, please let me know.
